

# GROUP CLASSES

## Vaccination Policy

**Vaccinations:** We require 4 vaccinations/medical records for your dog to attend class. The following are required:

- Bordetella (also known as Kennel Cough)
  - This is not a standard vaccine and may often need requested.
- Distemper
- Rabies (as age appropriate)
- Negative fecal sample
  - This must be within the last year.

Please call your vet to ensure your dog meets these requirements as soon as possible. We will also be in contact with your vet for verification of records. If your dog is not up to date on these required items, it can delay your dog's start date for class.
